

SCHEME OF WORK FOR P.1 TERM 3

THEME: TRANSPORT AND COMMUNICATION

EXPECTED LEARNING OUTCOME: The *child is able to identify types and means of transport, appreciate the use and compare transport in terms of capacity, speed, and fare.*

WEEK	DAY	SUB-THEME	L/AREA	CONTENT	COMPETENCES	MTHDS	ACTIVITY	L/SKILLS	L/MTRLs	REF.
1	MONDAY	TYPES AND MEANS OF TRANSPORT	MATH	Def: What is weight? Non Standard units (Comparing weight – using lighter than/heavier than)	-Describes the term ' weight '. -Compares weight using non standard units.	Demonstration Observation Class discussion Manipulative	Weighing different objects using non standard units.	-Creative thinking -Problem solving -critical thinking	Real objects	Understanding MTC. Book 1 Pg. 68 A new MK Pri.MTC. book 1 pg 134 -135
			ENG (GRM)	Vocabulary related to types and means of transport	-Reads and spells the vocabulary. - Uses the vocabulary in sentences.	Class discussion Guided discovery Observation Demonstration	Reading and spelling the vocabulary. - Using the vocabulary in sentences.	Confidence Appreciation Creative thinking Logical reasoning	A chart showing different means of transport Text books	MK. English Book 1

			LIT I	Components of the environment	- Defines the term environment - Describes the components of the environment	Class discussion Guided discovery Observation Demonstration	- Defining the term environment - Describing the components of the environment -Nature walk around the school	Confidence Appreciation Creative thinking Logical reasoning Effective communication	Text books The environment	Understanding Integrated Sc. Book 1
			LIT II	What is transport? Types of transport.	Defines transport Draws and names types of transport.	Story telling Observation Class discussion	Defining transport Drawing, naming, and colouring types of transport	Critical thinking Appreciation	A chart showing types and means of transport	Monitor Eng. Course book 1 pg. 68 to 72 Mk Pri. Eng. Book 2 pg 91

WEEK	DAY	SUB-THEME L/AREA	CONTENT	COMPETENCES	MTHDS	ACTIVITY	L/SKILLS	L/MTRLs	REF.	
1	TUESDAY	TYPES AND MEANS OF TRANSPORT	MATH	Non- standard units: Measuring weight using a beam balance	-Draws a beam balance -Compares weight using a beam balance	Demonstration Observation Class discussion Manipulative	Weighing different objects using a beam balance Drawing beam balances.	-Creative thinking -Problem solving -critical thinking	Real objects	MK .book 2 pg. 61 A new MK Pri.MTC. book 1 pg 134
			ENG (Compreh.)	Jumbled words related to transport	-Reads jumbled words and re-arranges them to make meaningful sentences.	Demonstration Class discussion Guided discovery	Reading jumbled words and re-arranging them to make meaningful sentences.	-Creative thinking -Problem solving -critical thinking	Chalkboard illustrations	Trs' own collection

			LIT I	Living things in our environment	- Describes living things Identifies the characteristics of living things. Reads and writes about living things.	Class discussion Guided discovery Observation Demonstration	- Describing living things Identifying the characteristics of living things. Reading and writing about living things.	Confidence Appreciation Creative thinking Logical reasoning Effective communication	The environment A chart related to the lesson	Understanding Integrated Sc. Book 1 pg. 16 – 17 Fountain Pri. Sci. book 1 pg 18 - 22
			LIT II	Means of road transport	Draws and names the means of road transport. Reads and spells the words correctly	Class discussion Story telling	Drawing and naming the means of road transport. Reading and spelling the words correctly.	Effective communication Appreciation Creative & critical thinking	Text books A chart showing means of transport	MK. Book 2 pg 91-96

WEEK	DAY	SUB-THEME	L/AREA	CONTENT	COMPETENCES	MTHDS	ACTIVITY	L/SKILLS	L/MTRLs	REF.
1	WEDNESDAY	TYPES AND MEANS OF TRANSPORT	MATH	Standard Units of weight: Measuring weight using standard units Practical lesson (using a weighing scale)	-Tells the standard units of weight - Tells things needed to measure weight - Weighs different things using a weighing scale	Demonstration Observation Class discussion Manipulative	Weighing different objects using a beam balance Drawing beam balances.	-Creative thinking -Problem solving -critical thinking	Real objects for measuring Weighing scale Weighing stones	New Pri. MTC For Ug. Book 2 pg. 50-51 Mk standard book2 pg. 47
			ENG(Comp.)	Guided composition related to transport	Reads and fills in the missing words correctly.	Demonstration Class discussion Guided discovery	Reading and filling in the missing words correctly.	Creative thinking -Problem solving -critical thinking Confidence	Prepared work on paper	Trs' own collection

			LIT I	Examples of living things	<ul style="list-style-type: none"> - Identifies examples living things in our environment. - Draws and colours examples of living things. 	Observation Class discussion Guided discovery Observation	<ul style="list-style-type: none"> - Identifying examples living things in our environment. - Drawing and colouring examples of living things. 	Confidence Appreciation Creative thinking Logical reasoning Effective communication	A chart related to the lesson Text books	Understanding Integrated Sc. Book 1 pg. 16 – 17 Fountain Pri. Sci. book 1 pg 18 - 22
			LIT II	Means of air transport	Draws and names the means of air transport. Reads and spells the words correctly	Class discussion Story telling	Drawing and naming the means of air transport. Reading and spelling the words correctly.	Effective communication Appreciation Creative & critical thinking	Text books A chart showing means of transport	MK. Book 2 pg 91-96

WEEK	DAY	SUB-THEME	L/AREA	CONTENT	COMPETENCES	MTHDS	ACTIVITY	L/SKILLS	L/MTRLs	REF.
1	THURSDAY	TYPES AND MEANS OF TRANSPORT	MATH	Addition of weight in kilograms- Horizontally and Vertically	-Reads and arranges the sums horizontally -Reads and arranges the sums vertically Adds the sums correctly.	-Brain storming -Problem solving Demonstration -Class discussion	Reading, writing and counting	-Critical thinking -Problem solving creative thinking	counters	Pri. MTC for Ug. Book 2 pg 50 - 51
			ENG(Grm)	Structures related to transport. - What is this/ that? - What are these/those? - What is she/he doing?	Reads the structures and answers them correctly. Draws pictures and writes sentences correctly.	Demonstration Class discussion Guided discovery	Reading the structures and answering them correctly. Drawing pictures	-Critical thinking -Problem solving creative thinking	Prepared work on paper Text books	Monitor English book 2 pg 43 & Mk Eng.book 2

1			LIT II	
---	--	--	--------	--

WEEK	DAY	SUB-THEME	L/AREA	CONTENT	COMPETENCES	MTHDS	ACTIVITY	L/SKILLS	L/MTRLs	REF.
2	MONDAY	IMPORTANCE OF TRANSPORT	MATH	Addition of weight in kilograms- word problems	-Reads and interprets the statements/ word problems. - Arranges the sums horizontally or vertically. -Adds the sums correctly.	-Brain storming -Problem solving Demonstration -Class discussion -Question and answer	Reading, writing and counting	-Critical thinking -Problem solving creative thinking	counters	Pri. MTC for Ug. Book 2 pg pg. 51
			ENG(Grm)	Plural forms of irregular nouns (nouns which neither add s nor es but change the spelling in plural form)	- Identifies the nouns which neither takes s nor es in plural form. Reads and writes irregular nouns in plural form.	Demonstration -Class discussion -Question and answer - Observation	Identifying nouns which neither takes s nor es in plural form. Reading and writing irregular nouns in plural form.	Appreciation Effective communication Creative and critical thinking	Flash cards, chart related to the lesson	Junior Eng. Book 2 Eng. Aid book 2 Essential Eng. Work books 1&2

			LIT I	Practical lesson: Parts of a plant	<ul style="list-style-type: none"> - Names the three main parts of a plant. - Identifies the other parts of a plant. - Reads and spells words related to the lesson. 	<ul style="list-style-type: none"> -Brain storming -Problem solving Demonstration -Class discussion -Question and answer 	<ul style="list-style-type: none"> - Naming the three main parts of a plant. Identifying the other parts of a plant. Reading and spelling words related to the lesson. 	Appreciation Effective communication Creative and critical thinking	Flash cards, chart related to the lesson	MK Integrated Sc. Book 1 pg. 41 Fountain Sc. Book 1 pg. 23
			LIT II	Means of water and railway transport	Draws and names the means of water and railway transport. Reads and spells the words correctly	Class discussion Story telling	Drawing and naming the means of water & railway transport. Reading and spelling the words correctly.	Effective communication Appreciation Creative & critical thinking	Text books A chart showing means of transport	MK. Book 2 pg 91-96

WEEK	DAY	SUB-THEME	L/AREA	CONTENT	COMPETENCES	MTHDS	ACTIVITY	L/SKILLS	L/MTRLs	REF.
2	TUESDAY	IMPORTANCE OF TRANSPORT	MATH	Subtraction of weight in kilograms- Horizontally and Vertically	<ul style="list-style-type: none"> -Reads and arranges the sums horizontally -Reads and arranges the sums vertically -Subtracts the sums correctly. 	<ul style="list-style-type: none"> -Brain storming -Problem solving Demonstration -Class discussion -Question and answer 	Reading, writing and counting	<ul style="list-style-type: none"> -Critical thinking -Problem solving creative thinking 	counters	Pri. MTC for Ug. Book 2 pg pg. MK. Book 2
			ENG (Compreh.)	Conversation (dialogue) – related to transport	<ul style="list-style-type: none"> -Reads and understands the conversation. -Acts the conversation. -Answers questions related to the conversation. 	<ul style="list-style-type: none"> Demonstration -Class discussion -Question and answer - Observation -Dramatization 	<ul style="list-style-type: none"> -Reading the conversation. -Acting the conversation. -Answering questions related to the conversation. 	Appreciation Effective communication Creative and critical thinking	Prepared work on paper	MK. Book 3

			LIT I	A plant	<ul style="list-style-type: none"> - Draws and names the parts of a plant. - Reads and spells words related to the lesson. 	<ul style="list-style-type: none"> -Brain storming -Problem solving Demonstration -Class discussion -Question and answer 	<ul style="list-style-type: none"> - Drawing and naming the parts of a plant. - Reading and spelling words related to the lesson. 	Appreciation Effective communication Creative and critical thinking	Prepared work on paper Real plant	MK Integrated Sc. Book 1 pg. 41
			LIT II	People who provide transport	<ul style="list-style-type: none"> Describes people who provide transport Reads and spells the words correctly Matches people to the means of transport they operate 	<ul style="list-style-type: none"> Demonstration -Class discussion -Question and answer - Observation -Role play 	<ul style="list-style-type: none"> Describing people who provide transport Reading and spelling the words correctly Matching people to the means of transport they operate 	Appreciation Effective communication Creative and critical thinking	Text books A chart showing means of transport Chalkboard illustration	Monitor Eng. Course book 2 44

WEEK	DAY	SUB- THEME L/AREA	CONTENT	COMPETENCES	MTHDS	ACTIVITY	L/SKILLS	L/MTRLs	REF.
------	-----	-------------------------	---------	-------------	-------	----------	----------	---------	------

2	WEDNESDAY	IMPORTANCE OF TRANSPORT	MATH	Subtraction of weight in kilograms- word problems	<ul style="list-style-type: none"> -Reads and interprets the statements/ word problems. - Arranges the sums horizontally or vertically. -Subtracts the sums correctly. 	<ul style="list-style-type: none"> -Brain storming -Problem solving Demonstration -Class discussion -Question and answer 	Reading, writing and counting	<ul style="list-style-type: none"> -Critical thinking -Problem solving creative thinking 	counters	Pri. MTC for Ug. Book 2 pg pg. MK. Book 2
			ENG (Compo.)	Picture interpretation related to transport	<ul style="list-style-type: none"> -Reads and interprets pictures related to transport. Matches sentences to the pictures correctly. -Draws good pictures related to transport. 	Demonstration <ul style="list-style-type: none"> -Class discussion -Question and answer - Observation 	Reading and interpreting pictures related to transport. Matching sentences to the pictures correctly. <ul style="list-style-type: none"> -Drawing good pictures related to transport. 	Appreciation Effective communication Creative and critical thinking	A chart related to the lesson Text books Chalkboard illustrations	Monitor Eng. Course book 3 pg. 43 - 46
			LIT I	The parts we eat on different plants	<ul style="list-style-type: none"> - Identifies the parts we eat on different plants - Reads and spells words related to the lesson. - Answers oral and written questions about plants. 	Class discussion Question and answer - Observation Problem solving	<ul style="list-style-type: none"> - Identifying the parts we eat on different plants - Reading and spelling words related to the lesson. -Answering oral and written questions 	Appreciation Effective communication Creative and critical thinking	A chart related to the lesson Text books Chalkboard illustrations	MK Integrated Sc. Book 1 pg. 41

							about plants.			
			LIT II	Uses of transport	Identifies the uses of transport Draws and names the ways people use transport	Class discussion Question and answer - Observation Problem solving	Identifying the uses of transport Drawing and naming the ways people use transport.	Critical thinking -Problem solving creative thinking	A chart related to the lesson Text books Chalkboard illustrations	Monitor Eng. Course book 2 44

WEEK	DAY	SUB-THEME L/AREA	CONTENT	COMPETENCES	MTHDS	ACTIVITY	L/SKILLS	L/MTRLs	REF.
	THURSDAY	TYPES AND MEANS OF	MATH Def: What is capacity? 1) Containers which hold liquids 2) Examples of liquids	-Describes the term ' capacity '. -Draws and names the containers which hold liquids - Lists down examples of liquids	Observation Class discussion Brain storming	Observing different containers which hold liquids and types of liquids - Drawing and writing	-Creative thinking -Problem solving -critical thinking - confidence	Real objects – containers and liquids	Pri. Sch. MTC book 2 pg. 69 MK Stdrd book 1 pg. 101 – 102 book 2 pg.148

2			ENG(Grm)	Comparison of adjectives: Doubling the last letter and then add er / est in the comparative and superlative degrees.	- identifies adjectives which double the last letter and add er / est in comparative or superlative degrees. - Reads and writes the words correctly	Demonstration -Class discussion -Question and answer - Observation	- identifying adjectives which double the last letter and add er / est in comparative or superlative degrees. - Reading and writing the words correctly	Appreciation Effective communication Creative and critical thinking	A chart related to the lesson Text books Chalkboard illustrations	Junior Eng. Book 2 Eng. Aid book 2
			LIT I	Importance of plants	-Identifies the importance of plants. - Reads, writes and spells words related to the lesson.	Class discussion Question and answer - Observation Problem solving	-Identifying the importance of plants. - Reading, writing and spelling words related to the lesson.	Critical thinking -Problem solving creative thinking	A chart related to the lesson Text books Chalkboard illustrations	MK Integrated Sc. Book 1 pg. 20
			LIT II	Particular means for carrying people & goods	Describes the particular means for carrying people & goods Draws and names the means of carrying people	Class discussion Question and answer - Observation Problem solving	Describing the particular means of carrying people Drawing and names the means of carrying people.	Critical thinking -Problem solving creative thinking Appreciation	A chart related to the lesson Text books Chalkboard illustrations	Monitor Eng. Course book 2 44

WEEK	DAY	SUB-THEME	L/AREA	CONTENT	COMPETENCES	MTHDS	ACTIVITY	L/SKILLS	L/MTRLs	REF.
------	-----	-----------	--------	---------	-------------	-------	----------	----------	---------	------

2	FRIDAY	IMPORTANCE OF TRANSPORT	MATH	WEEKLY TESTS EVERY FRIDAY	
			ENG		
			LIT I		
			LIT II		

WEEK	DAY	SUB- THEME	L/AREA	CONTENT	COMPETENCES	MTHDS	ACTIVITY	L/SKILLS	L/MTRLs	REF.
3	MONDAY	COMMUNICATION	MATH	Non- Standard units of capacity (comparing capacity using holds more or holds less)	- Identifies big containers which hold more liquid. -Identifies small containers which hold less liquid.	Demonstration Observation Group discussion	Observing containers of different sizes Drawing and writing	Critical thinking Self awareness Problem solving Creative thinking	Real objects – containers and liquids	MK Stdrd book 1 pg. 101 – 102 book 2 pg.148
			ENG(Gram)	Conjunctions: Joining sentences using “and”	Reads and joins Items using “and” Reads and joins sentences using “and”	Demonstration -Class discussion -Question and answer	Reading and joining Items using “and”	-Effective communication -critical thinking Creative	A chart related to the lesson Real	

					- Observation	Reading and joining sentences using “and”	thinking Problem solving	objects		
			LIT I	Importance of animals	-Identifies the importance of animals. - Reads, writes and spells words related to the lesson.	Class discussion Question and answer - Observation Problem solving	-Identifying the importance of animals. - Reading, writing and spelling words related to the lesson.	Critical thinking -Problem solving creative thinking	A chart related to the lesson Text books Chalkboard illustrations	MK Integrated Sc. Book 1 pg. 20
			LIT II	Special places where different means of transport are found	Identifies the places where different means of transport are found or kept. Reads and spells the words correctly.	-Class discussion -Question and answer - Observation	Identifying the places where different means of transport are found or kept. Reading and spelling the words correctly.	-Effective communication -critical thinking -Creative thinking -Problem solving	A chart related to the lesson Text books Chalkboard illustrations	Tr's own collection

WEEK	DAY	SUB-THEME	L/AREA	CONTENT	COMPETENCES	MTHDS	ACTIVITY	L/SKILLS	L/MTRLs	REF.
3	TUESDAY	COMMUNICATION	MATH	Non standard units of measuring capacity (using different sizes of containers) Qns:e.g. How many cupfuls of water can fill a bucket?	-Identifies the number of small containers which can fill a big container.	Demonstration Observation Question and answer	Measuring liquids using small containers to fill big containers.	Creative thinking Critical thinking Sharing Appreciation	Real objects – containers and liquids	Pri. MTC book 1 pg 101 & book 2

				Practical lesson						
			ENG(Compreh)	Riddles related to transport	Reads and interprets the given riddles. Answers the given riddles correctly.	Class discussion -Question and answer - Observation	Reading and interpreting the given riddles. Answering the given riddles correctly	Creative thinking Critical thinking Effective communication Appreciation	Prepared work on paper	Tr's own collection
			LIT I	Non- living things	- Describes non-living things Identifies the characteristics of non living things. Reads and writes about living things.	Class discussion Guided discovery Observation Demonstration	- Describing non living things Identifying the characteristics of non living things. Reading and writing about living things.	Confidence Appreciation Creative thinking Logical reasoning Effective communication	The environment A chart related to the lesson	Understanding Integrated Sc. Book 1 pg. Fountain Pri. Sci. book 1 pg
			LIT II	Things we make at home and school (man made things)	Identifies the things we make at home and at school. Draws and names thing made at home and school.	-Class discussion -Question and answer - Observation	Identifying the things we make at home and at school. Drawing and names thing made at home and school.	Creative thinking Critical thinking Effective communication Appreciation	Real objects A chart showing things we make	Pentagon book 1 pg. 33-34 Understanding Integrated Scie. Book 1 pg 30
WEEK	DAY	SUB-THEME L/AREA	CONTENT	COMPETENCES	MTHDS	ACTIVITY	L/SKILLS	L/MTRLs	REF.	
3	WEDNESDAY	COMMUNICATION	MATH	Standard units of capacity: Measuring capacity using containers of	-Tells the standard units of measuring capacity. - Counts litres which can fill different	Demonstration Observation Group discussion manipulation	Measuring capacity using containers of different standard units	Appreciation Critical thinking Creative thinking sharing	Containers of different litres - water	Pri.Sch.MTC book 2 pg 69 Pri. MTC book 2 pg 150

				different standard units Qn: How many 1 litre bottles fill a 5 litres bucket?	containers.		counting			
			ENG(Compo)	Mixed stories related to transport	Reads and re-arranges jumbled sentences to form a good story Acts the story	Story telling Demonstration Dramatisation Observation	Reading and re-arranging jumbled sentences to form a good story Acting the story	Appreciation Critical thinking Creative thinking Sharing Effective communication	Prepared work on paper	Tr's own collection
			LIT I	Uses of non living things in the environment	- Describes the uses of non living things. -Reads and spells words related to the lesson -Identifies the uses of plants.	Observation Class discussion Guided discovery Observation	Describing the uses of non living things -Reading and spelling words related to the lesson -Identifying the uses of plants.	Confidence Appreciation Creative thinking Logical reasoning Effective communication Sharing	The environment Text books	Trs' own collection
			LIT II	Materials used to make things at home and school.	Identifies different materials used to make the man made things. Draws and names the things we make. Reads and spells the words.	Class discussion -Question and answer - Observation	Identifying different materials used to make the man made things. Drawing and naming the things we make. Reading	Appreciation Critical thinking Creative thinking Sharing Effective communication	Real objects/ materials A chart showing things we make and their materials.	Pentagon book 1 pg. 33-34 Understanding Integrated Scie. Book 1 pg 30

							and spelling the words.			
--	--	--	--	--	--	--	-------------------------------	--	--	--

WEEK	DAY	SUB- THEME	L/AREA	CONTENT	COMPETENCES	MTHDS	ACTIVITY	L/SKILLS	L/MTRLs	REF.
3	THURSDAY	COMMUNICATION	MATH	Addition of capacity in litres- Horizontally and Vertically	-Reads and arranges the sums horizontally -Reads and arranges the sums vertically Adds the sums correctly.	-Brain storming -Problem solving Demonstration -Class discussion	Reading, writing and counting	-Critical thinking -Problem solving creative thinking	counters	MK. Book 2
			ENG(Gram.)	Using conjunction "and" to join sentences.	Reads and joins sentences using the conjunction "and"	Demonstration Question and answer Class discussion	Reading and joining sentences using conjunction "and"	Appreciation Critical thinking Creative thinking Sharing Effective communication	A chart related to the lesson Strip cards	Eng. Aid bk 2 Oxford bk 1 Junior eng. Bk 1
			LIT I	Natural things	-Identifies the natural non living things. -Draws and names the natural non living things Reads and spells words related to the lesson.	Class discussion -Question and answer - Observation	-Identifying the natural non living things. -Drawing and naming the natural non living things Reading and spelling words	Appreciation Critical thinking Creative thinking Sharing Effective communication	A chart related to the lesson Strip cards	Trs' own collection.

3			ENG	WEEKLY TESTS EVERY FRIDAY
			LIT I	
			LIT II	

THEME: THINGS WE MAKE

EXPECTED OUTCOME: The child is able to identify appreciate and express oneself aesthetically and imaginatively.

WEEK	DAY	SUB-THEME	L/AREA	CONTENT	COMPETENCES	MTHDS	ACTIVITY	L/SKILLS	L/MTRLs	REF.
4	MONDAY	THINGS WE MAKE AT HOME AND SCHOOL	MATH	Addition of capacity in litres- word problems	-Reads and interprets the statements/ word problems. - Arranges the sums horizontally or vertically. -Adds the sums correctly.	-Brain storming -Problem solving Demonstration -Class discussion -Question and answer	Reading, writing and counting	-Critical thinking -Problem solving creative thinking	counters	MK.ook 2
			ENG(gram)	Conjunction “because”	Reads and joins sentences using the conjunction “because”	Demonstration Question and answer Class discussion	Reading and joining sentences using conjunction “because”	Appreciation Critical thinking Creative thinking Sharing Effective communication	A chart related to the lesson Strip cards	Junior Eng. Bk 1 Read and write bk 2

MATH	Subtraction of capacity in litres- Horizontally and Vertically	<ul style="list-style-type: none"> -Reads and arranges the sums horizontally -Reads and arranges the sums vertically - Subtracts the sums correctly. 	<ul style="list-style-type: none"> -Brain storming -Problem solving Demonstration -Class discussion 	Reading, writing and counting	<ul style="list-style-type: none"> -Critical thinking -Problem solving creative thinking 	counters	MK. Book 2

4	WEDNESDAY	THINGS WE MAKE AT HOME AND SCHOOL	MATH	Subtraction of capacity in litres- word problems	-Reads and interprets the statements/ word problems. - Arranges the sums horizontally or vertically. -Subtracts the sums correctly.	-Brain storming -Problem solving Demonstration -Class discussion -Question and answer	Reading, writing and counting	-Critical thinking -Problem solving creative thinking	counters	MK.ook 2
			ENG(Compo)	Guided composition about things	Reads and fills in the missing	Demonstration Class	Reading and filling in the missing	Creative thinking	Prepared work on paper	Tr's own collection

				we make and their uses	words correctly.	discussion Guided discovery	words correctly.	-Problem solving -critical thinking Confidence		
			LIT I	Activities that spoil our environment	Describes activities that spoil our environment. Reads and spells words related to the lesson.	Nature walk Class discussion Question and answer Brain storming.	Describing activities that spoil our environment . Reading and spelling words related to the lesson.	Creative thinking -Problem solving -critical thinking Appreciation	The environment Chalkboard illustration.	Comprehensive S.STbk 1 pg - Mk integrated Sci bk 1 pg
			LIT II	Particular things made for domestic use	Identifies the particular things made for domestic use. Draws and names the particular things made for domestic use. Reads and spells the words.	-Question and answer - Observation - class discussion	Identifying the particular things made for domestic use. Drawing and naming the particular things made for domestic use. Reading and spelling the words.	Appreciation Critical thinking Creative thinking Problem solving	A chart related to the lesson Strip cards	Pentagon book 1 pg. 33-34 Understanding Integrated Scie. Book 1 pg 30

WEEK	DAY	SUB-THEME L/AREA	CONTENT	COMPETENCES	MTHDS	ACTIVITY	L/SKILLS	L/MTRLs	REF.
------	-----	---------------------	---------	-------------	-------	----------	----------	---------	------

<div>4</div>	THURSDAY	THINGS WE MAKE AT HOME AND SCHOOL	MATH	-Money: -History of money -Def: What is money? -Uses of money -Different currencies today	-Describes the term ' money '. - Tells the uses of money. -Tells the different currencies today.	Observation Story telling Class discussion	Observing money Discussing different currencies today - Reading and writing	Appreciation Critical thinking Creative thinking confidence	Real money or specimen	Teachers' collection
			ENG(Grm)	Conjunction "but"	Reads and joins sentences using the conjunction "but"	Demonstration Question and answer Class discussion	Reading and joining sentences using conjunction "but"	Appreciation Critical thinking Creative thinking Sharing Effective communication	A chart related to the lesson Strip cards	Standard 2 Eng. Aid
			LIT I	Ways of caring for environment	Identifies ways of caring for environment. Reads and spells words related to the environment.	Class discussion Question and answer Brain storming.	Identifying ways of caring for environment. Reading and spelling words related to the environment	Appreciation Critical thinking Creative thinking Problem solving	Text books and chalkboard illustration.	Mk Pri. Scie bk 2 pg 37.

WEEK	DAY	SUB-THEME	L/AREA	CONTENT	COMPETENCES	MTHDS	ACTIVITY	L/SKILLS	L/MTRLs	REF.	
5	MONDAY	IMPORTANCE OF THINGS WE MAKE	MATH	-Money denominations (Ug. Shillings) -Features of money (coins and notes)	-Tells the denominations of Uganda shillings. - Tells the features of coins and notes.	Observation Manipulation Class discussion Question and answer	Answering oral and written questions Observing and identifying the features of money	Critical thinking Problem solving Creative thinking	Real money or specimen	Mk book 1 pg. Mk book 2 pg. 122	
			ENG(Grm)	Similes: as.....as.....	-Describes similes. -Constructs sentences using similes	- Brain storming -Guided discovery -Class discussion	-Describing similes. - Constructing sentences using similes	Logical & creative thinking Effective communication	A chart with different similes	Junior Eng. Book2	
			LIT I	TOPICAL TEST ABOUT OUR ENVIRONMENT							
			LIT II	Particular things made for decoration and their importance.	Identifies the particular things made for decoration. Draws and names the particular things made for decoration. Reads and spells the words.	-Question and answer - Observation - class discussion	Identifying the particular things made for decoration. Drawing and naming the particular things made for decoration. Reading and spelling	Appreciation Critical thinking Creative thinking Problem solving	A chart related to the lesson Strip cards	Pentagon book 1 pg. 33-34 Understanding Integrated Scie. Book 1 pg 30	

			LIT I	REVISION WORK IN LITERACY ONE.						
			LIT II	Peace and security at home	- Describes the factors that promote peace and security at school. - Reads and writes the factors that promote security.	- Brain storming -Guided discovery -Class discussion	Describing the factors that promote peace and security at home. - Reading and writing the factors that promote security at home.	Appreciation Critical thinking Creative thinking Problem solving	Chalkboard illustration	Monitor SSt. Book 1 pg 15. Comprehensive S.St. book 1 pg 24 - 25

WEEK	DAY	SUB-THEME	L/AREA	CONTENT	COMPETENCES	MTHDS	ACTIVITY	L/SKILLS	L/MTRLs	REF.
5	WEDNESDAY	IMPORTANCE OF THINGS WE MAKE	MATH	Addition of money- Word problems	<ul style="list-style-type: none"> -Reads and comprehends the statements/word problems. -Reads and arranges the sums vertically Adds the sums correctly. 	<ul style="list-style-type: none"> -Brain storming -Problem solving Demonstrati on -Class discussion Question and answer	Reading, writing and counting	<ul style="list-style-type: none"> -Critical thinking -Problem solving creative thinking 	Chalkboard illustrations	MK. Standard book 2 pg. 122-123, MK. Standard book 1pg. 94,money specimen charts
			ENG(Compo.)	Mixed stories related to	Reads and re-arranges jumbled sentences to form	Story telling Demonstrati on	Reading and re-arranging	Appreciation Critical thinking	Prepared work on paper	Tr's own collection

				things we make	a good story Acts the story	Dramatisati on Observation	jumbled sentences to form a good story Acting the story	Creative thinking Sharing Effective communication		
			LIT I	REVISION WORK IN LITERACY ONE.						
			LIT II	Causes of insecurity in our homes	<ul style="list-style-type: none"> - Identifies the causes of insecurity in our homes - Reads and writes the factors that cause insecurity in our homes. 	<ul style="list-style-type: none"> - Brain storming -Guided discovery -Class discussion 	<ul style="list-style-type: none"> - Identifying the causes of insecurity in our homes - Reading and writing the factors that cause insecurity in our homes.
