Qn. No	MARK	SIGN
1 – 10		
11 – 20		
21 – 30		
31 – 32		
TOTAL		

SECTION A (40 MARKS)

1. **Work out:** 79 - 48

2. Write **XLVII** in Hindu Arabic Numerals.
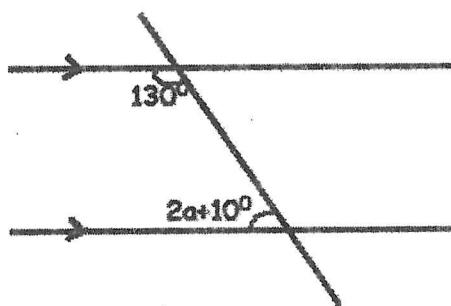

3. **Simplify:** $3y - 5y + 4y$

4. Given that $P = \{ a, b, c, d, e, f\}$ and $Q = \{ a, e, i, o, u\}$, find $n(P \cup Q)$.
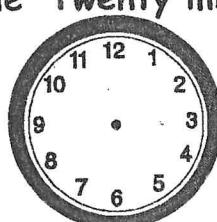

5. **Work out:** $1\frac{1}{4} - \frac{2}{3}$

6. Using a ruler, a pencil and a pair of compasses only, construct an angle of **45°** in the space below.

7. A shopkeeper packed salt in 750g packets. How many packets did the shopkeeper make from 21kg of salt?

8. A dice is thrown once. What is the probability that the score is a square number?

9. If today is Friday, what day of the week was it 30 days ago?

10. In the diagram below, find the value of a in degrees.

11. Find the next number in the sequence:

    1, 8, 5, 12, 9, _____.

12. Show the time "Twenty minutes to four" on the clock face below.

13. What is the place value of **4** in the number 4,659,273?

14. Find the **Lowest Common Multiple** (L.C.M) of **9** and **12**.

15. Express $0.1\dot{8}$ as a fraction in its lowest terms.

16. Find the median of:

    3 , 2 , 5 , 7 , 4 , 6 , 9 , 2

17. A car travels 144km in $2\frac{1}{4}$ hours. What is the average speed?
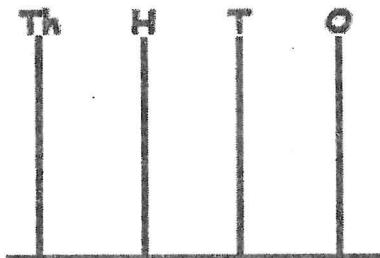

18. Given that x = **5**, a = **0** and b = **2**,. Find the value of $x^b + x^a$.

19. Wandera bought a shirt for sh. 35,800. He was given sh. 14,200 as change. How much money did he have at first?

20. Calculate the area of a square whose perimeter is 60m.

SECTION B : 60MARKS

21a) Show the number 3026 on the abacus below. (1mark)
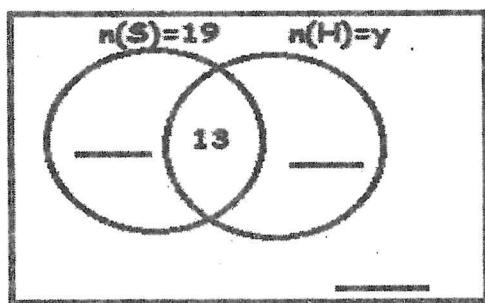

b) Find the difference between the values of digits 5 and 7 in the number 856,721.

(3marks)

22. In a P.7 class of 34 candidates, 19 like swimming (S), y like hockey (H), 13 like both swimming and hockey while 7 do not like any of the two games.
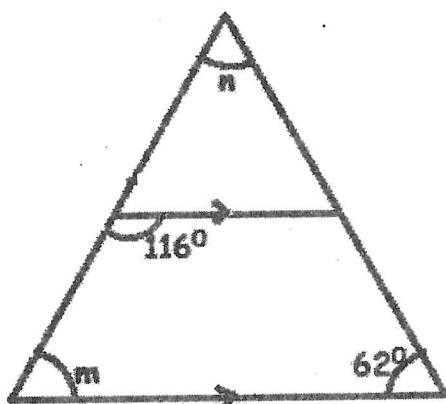

a) Represent the above information in the Venn diagram below. (3marks)

$n(\Sigma) = 34$

5

b)   Find the value of y.   (2marks)

c)   If a candidate is picked at random, what is the probability that the candidate likes hockey only?   (1mark)
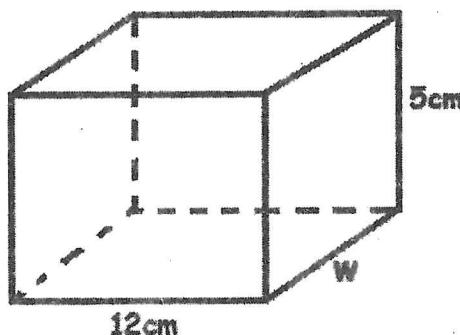

23. Study the figure below and use it to answer questions that follow.

Find the size of;

a)   angle m   (2marks)

b)   angle n   (2marks)

24. The volume of the cuboid below is 480cm³. Study and use it to answer questions that follow.

a) How many edges does it have? (1mark)

b) Find the value of w. (3marks)

25a) Expand **23.45** using values. (2marks)

b) **Work out:** $\dfrac{24.6 - 14.1}{0.07}$ (3marks)

26. Mapesa bought the items shown in the table below from a shop.

ITEM	PRICE	AMOUNT
3kg of sugar	Sh. 3400 per kg	Sh. _____
_____ loaves of bread	Sh. 4800 per loaf	Sh. 9600
½ litre of cooking oil	Sh. _____ per litre	Sh. 4000
TOTAL	EXPENDITURE	Sh. _____

a) Complete the table above. (4marks)

b) If Mapesa had sh. 25,000, what was his change? (2marks)

27a) A motorist travels at a speed of 15m per second. Express this speed in km per hour. (3marks)
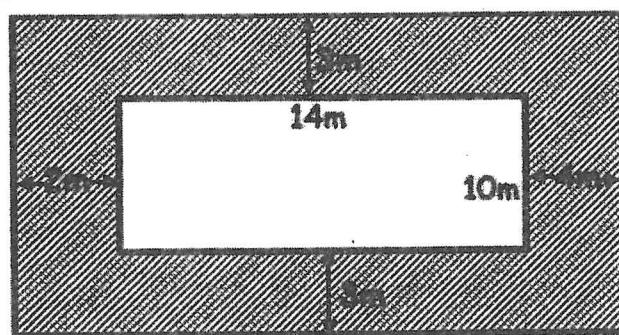

b) Town A is 240km from town B. A car left town A for town B at 8:30a.m. and travelled at a steady speed of 90km per hour. At what time did the car reach town B? (3marks)

28. Adongo spends $\frac{1}{3}$ of her salary on clothing, $\frac{5}{12}$ on food and saves the rest. Draw an accurate pie chart of radius 3.5cm to represent the above information. (6marks)

29. Tap **A** takes **4hours** to fill a tank. Tap **B** takes **2hours** to fill the same tank. If the two taps are opened together at the same time, how long will they take to fill the tank?   (4marks)

30. Study the figure below and use it to answer the question that follows.

Find the area of the shaded part.   (5marks)

31a) Using a ruler, a pencil and a pair of compasses only, construct a triangle PQR in which QR = 7cm, angle PQR = 60^0 and angle QRP = 45^0. Drop a perpendicular from P to meet QR at T. (5marks)

b) Measure PT _____ cm (1mark)

32. A cock costs twice as much as a hen. A turkey costs sh. 8,000 more than a cock. If the cost of three items is sh. 108,000. Calculate the cost of a cock. (4marks)

_____

30. Mention any one item of trade which was brought to East Africa by the Arabs.

_____

Study the diagram below and answer questions about it.

31. Give the opposite direction of point marked Y.

32. What was the original homeland of highland Nilotes?

_____

33. Give any one condition under which a by-election is conducted in Uganda.

_____

34. Give any one reason why the people of Uganda demanded for independence from the British.

_____

35. Which body in Uganda is responsible for game parks and reserves?

_____

For questions 36 – 40, answer Either Christianity or Islam but not both in a number.

36. Either: Name any one example of a foreign religion in Uganda.

_____

OR: Name any one example of a foreign religion in Uganda

_____

37. **Either:** What was the work of Moses before God called him?

_____

OR: What was the work of Prophet Musa before Allah called him?

_____

38. **Either:** Give one reason why Christians read the Bible.

_____

OR: Give one reason why Moslems read the Quran.

_____

39. **Either:** State the importance of Jesus' resurrection to a Christian.

_____

OR: State the importance of Miraj to Moslems.

_____

40. **Either:** Why did Joseph and Mary take baby Jesus to Egypt?

_____

OR: Why did Prophet Muhammad (PBUH) migrate from Mecca?

_____

SECTION B

41a) Name the **two** elements of wind recorded at the weather station.

(i) _____

(ii) _____

b) Mention any **one** danger caused by strong wind.

_____

c) Give any **one** way of controlling the dangers caused by strong wind.

_____

42a) Name any **two** organs of East Africa Community (EAC)

(i) _____

(ii) _____

b) Give any **one** way Democratic Republic of Congo (DRC) will benefit from being a member of EAC.

_____

c) State any **one** factor limiting trade among EAC.

_____

5

43a) Give any **two** methods used to demand for independence by Africans.

(i) _____

(ii) _____

b) Give any **two** reasons why Africans were easily defeated in their resistance against colonialists.

(i) _____

(ii) _____
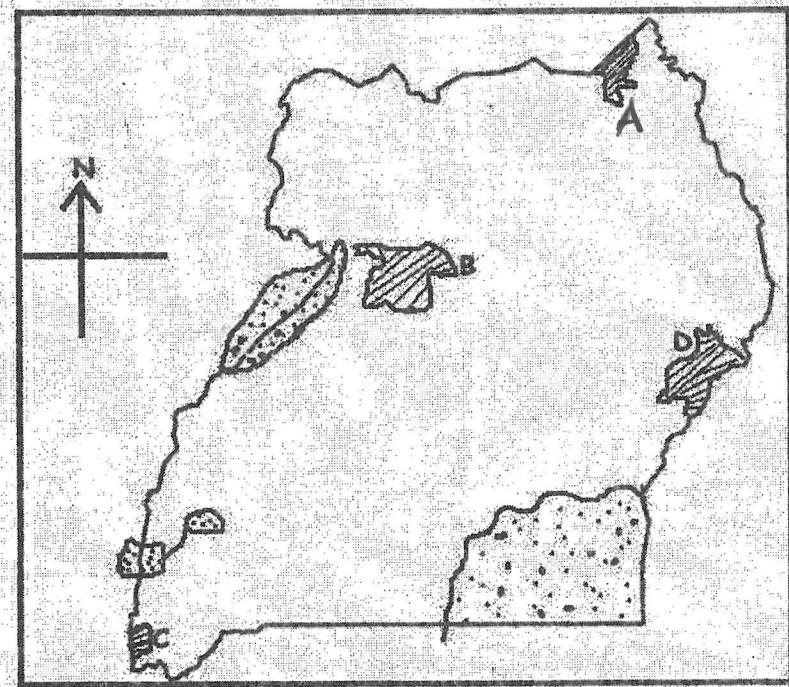

44a) Name the continent of origin for the first Christian Missionaries in Uganda.

_____

b) Write any **two** positive contributions of missionaries in Uganda.

(i) _____

(ii) _____

c) Mention any **one** of the early missionaries who came to Uganda in 1879.

_____

45. Study the map of Uganda and answer questions about it.

a) Name the major tourist attractions marked

B _____

D _____

b)   Give **one** reason why crocodiles are not common in game park marked **A**.

_____

c)   Which feature attracts most tourists in game park **C**?

_____

46a) State any **one** role of the Legislative Council (LEGCo) in Uganda before independence.

_____

b)   Name any **two** Africans who joined Uganda's LEGCo in 1945.
      (i) _____
      (ii) _____

c)   How did the first Ugandans become members of the LEGCo.

_____

47a) Give any **one** way people save money apart from keeping in the bank.

_____

b)   Give any **three** reasons why people save money.
      (i) _____
      (ii) _____
      (iii) _____

48a) How is Mt. Kilimanjaro similar to Cameroon Highlands in their way of formation?

_____
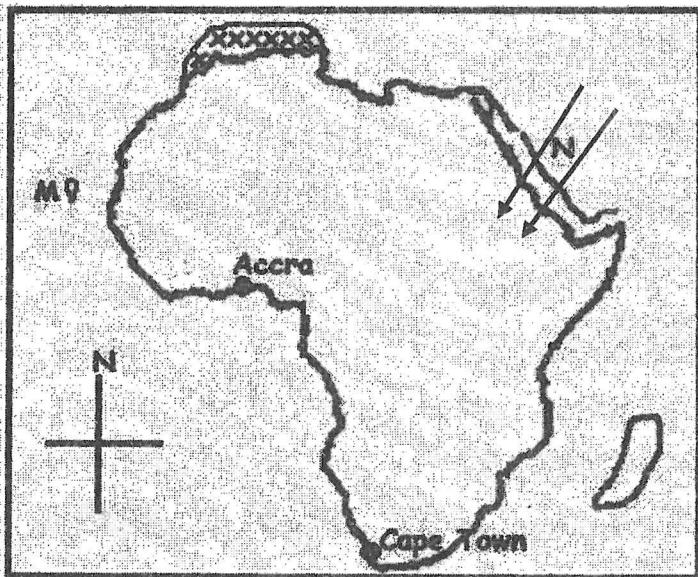

b)   Give any **two** advantages of mountains to people.
      (i) _____
      (ii) _____

c)   State any **one** problem caused by heavy rainfall in mountains.

_____

49. Study the map of Africa and answer questions about it.

a) Name the Island country marked M on the map.

_____

b) Use a pencil and draw the Prime Meridian on the map.

c) State one effect of prevailing wind marked N on the climate of Africa.

_____

d) Name the climatic region shaded xxx on the map.

_____

50a) Give any two reasons why the British built the Uganda

(i) _____

(ii) _____

b) State any one problem builders of the Uganda Railway faced.

_____

c) Name the first railway line to be constructed in East Africa.

_____

For questions 51-55, answer Either Christianity or Islam but not both in a number.

51. Either (a)   Name the first two gospels in the Bible.

(i) _____

(ii) _____

8

b) Give **two** reasons why Christians read the Bible.

(i) _____

(ii) _____

OR(a) Name the first **two** surahs of the Quran.

(i) _____

(ii) _____

b) Give **two** reasons why Moslems read the Quran.

(i) _____

(ii) _____

52. Either(a) What do we call the three persons in one God?

_____

b) Name the **three** persons that make up one God in Christianity.

(i)   _____

(ii) _____

(iii) _____

OR(a) What term is used to mean the five obligatory prayers in Islam?

_____

b) Name any **three** of the daily five prayers said by a Moslem.

(i)   _____

(ii) _____

(iii) _____

53. Either (a) Which symbol of the Holy spirit appeared on Jesus' baptism?

_____

b) Mention any **two** events that happened at the baptism of Jesus.

(i) _____

(ii) _____

c) State the importance of baptism to a Christian.

_____

OR(a) What do we call the voluntary charity a Moslem gives to help the needy?

_____

b) Mention the **two** forms (types) of zakat in Islam.

(i) _____

(ii) _____

c)   State any **one** benefit of Zakah to a Moslem who gives it.

_____

54a) **Either(a)**   Name the prayer Jesus taught to His disciples.

_____

b)   Give **two** reasons why Christians pray.
(i)   _____
(ii) _____
c)   Give **one** reason why some Christians don't pray.

_____

OR(a) Name the sunnah prayer said by Moslems at night during Ramadhan.

_____

b)   Give any **two** reasons why Moslems pray.
(i)   _____
(ii) _____
c)   Give **one** reason why some Moslems don't pray.

_____

55.   **Either(a)**   Give any **two** ways a Christian child can show love for elderly people.
(i)   _____
(ii) _____
b)   Give **two** ways of a Christian benefits by serving others.
(i)   _____
(ii) _____

OR(a) Give any **two** ways a Moslem child can show love for elderly people.
(i)   _____
(ii) _____
b)   Give **two** ways a Moslem benefit by serving others.
(i)   _____
(ii) _____

SECTION A: 40Marks

Questions 1 to 40 carry one mark each.

1. How is soap important in promoting personal hygiene?

_____

2. What kind of food should be fed to the elderly vulnerable people?

_____

3. Why is it not necessary to cover the squat hole of a V.I.P latrine?

_____

The diagram below shows a simple machine. study it and answer questions 4 and 5.

4. Put an arrow on the string to show the direction of the effort.

5. How does the simple machine simplify work?

_____

6. Our neighbours child has a pot belly and the face of an old man. He is also very thin. What deficiency disease is he suffering from?

_____

7. State any one method of controlling root crop pests.

_____
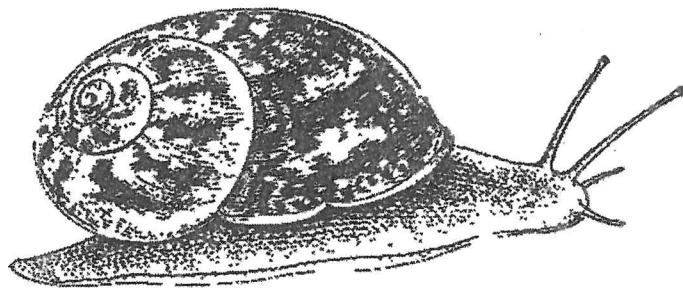

8. Why is it dangerous to break blisters on a burn?

_____

9. Identify the primary sex organ in female animals.

_____

10. Why is an electro magnet known as a temporary magnet?

_____

11. How does refrigeration help in food preservation?

_____

The diagram below shows a common invertebrate. Study and use it to answer question 12.

12. To which group of invertebrates does it belong?

_____

13. How is the animal shown harmful to us?

_____

14. Which characteristic of a fuse enables it to work properly?

_____

15. Identify one method of harvesting cassava.

_____
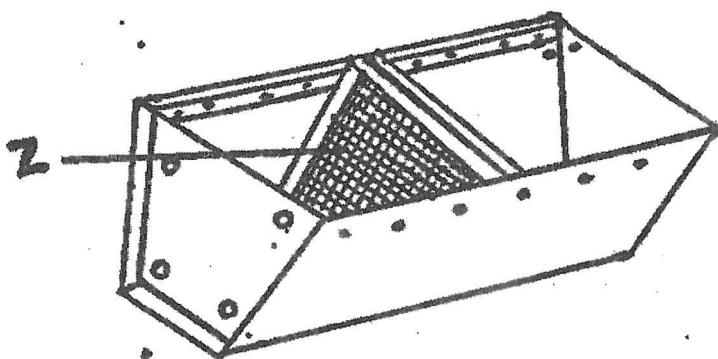

16. Why do insect pollinated flowers have brightly coloured petals?

_____

17. Why should we remove the clothes of a child with a fever?

_____

18. What is the difference between condensation and the rotting of dead matter?

_____
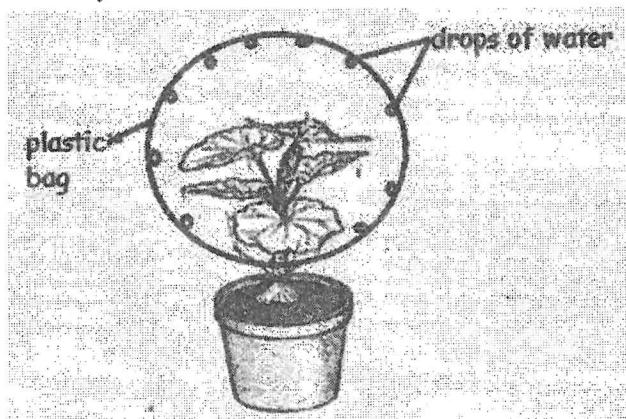

19. State one disadvantage of the free-range system of keeping poultry.

_____

The diagram shows a structure used for keeping of bees. Study and use it to answer question 20.

20. Identify the type of modern bee hive shown above.

_____

21. How is part labelled Z useful to the bee hive?

_____

22. State one way in which air can be used to satisfy man's needs.

_____

23. Nazziwa breathed out onto a mirror and she noticed that a mist-like substance was formed on the mirror. What does this activity prove?

_____

_____

24. Give one example of an involuntary muscle.

_____

25. Why is glass known as a transparent object?

_____

26. Why should babies be introduced to foods other than breast milk at the age of 4 months?

_____

27. Give one animal food stuff rich in proteins.

_____

28. How is thinning important in crop growing?

_____

Study the diagram and answer the questions which follow. Study and use it to answer question 29 and 30.

29. Which plant process is shown in the diagram?

_____

30. Give one way in which plants overcome the process shown.

_____
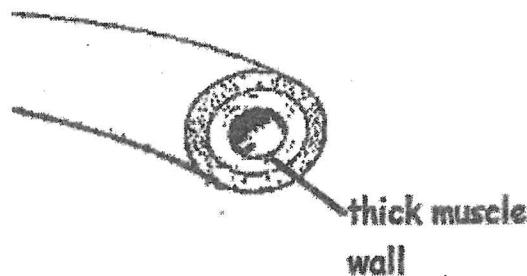

31. State the use of the suckers and hooks to a tape worm.

_____

32. Why are telephone and electric wires left loose between their poles?

_____

33. Name the force which pulls objects towards the center of the earth.

_____

34. Name the organ which filters blood to remove wastes.

_____

The diagram shows a blood vessel. Study it and answer questions 35 and 36.

35. Name the blood vessel shown in the diagram.

_____

36. Why does the blood vessel shown have thick walls?

_____

37. Which delicate body organ is protected by the backbone?

_____

38. Why is the BCG vaccine administered at birth?

_____

39. Why do solids have a definite shape and volume?

_____

40. Mention one disease that spreads through air.

_____

SECTION B: (60marks)

Questions 41 to 55 carry four marks each.

41a) What is swarming?

_____

_____

b) Give **two** reasons why bees swarm.

(i) _____

(ii) _____

c) How is a smoker useful in the harvesting of honey.

_____

42. The diagram shows a tooth. Study and use it to answer questions that follow about it.

a) Name the tooth shown in the diagram.

_____

b) What is the function of the tooth shown in the diagram?

_____

c) How is the tooth shown adapted to its duty?

_____

d) State **one** way of caring for your teeth.

_____

43a) What is puberty?

_____
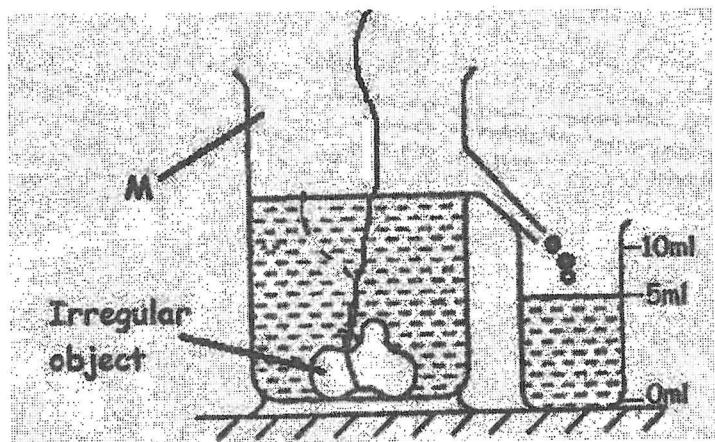

b) State two secondary sex changes which occur in both adolescent boys and girls.

(i) _____

_____

(ii) _____

_____

c) Mention one common problem that happens to the adolescents.

_____

44. The experiment below shows displacement method. Study and use it to answer questions about it.

a) Name the container labelled M.

_____

b) What is the volume of the irregular object?

_____

c) If the mass of the irregular object is 25gm. Find its density. (2marks)

7

45a) State **two** functions of the skin.

(i) _____

(ii) _____

b) Identify **one** skin disease characterized by itching and formation of blisters on the skin.

_____

c) State **one** way of caring for the skin.

_____

46. <u>Match the items in A with the correct ones in B.</u>

<u>A</u>	<u>B</u>
Circuit	-converts electrical energy into heat and light.
Fuse	-breaks and completes the circuit at the user's will.
Switch	-melts breaks the circuit when there is overflow of current
Bulb	-the complete path of an electric current.

(a) Circuit _____

(b) Fuse _____

(c) Switch _____

(d) Bulb _____

47a) Why do we need oxygen in our bodies?

_____
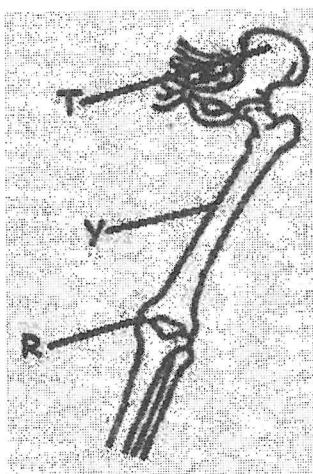

b) What happens to each of the following when we breathe out?

(i) Rib Cage _____

(ii) Diaphragm _____

c) Identify **one** habit that can destroy human lungs

_____

8

48. The diagram shows bones found on the lower part of the human skeleton. Study and use it to answer questions that follow.

a) Name the bones labelled T and Y.

(i) T _____ (ii) Y _____

b) What type of joint is found at part R.

_____

c) Give one way that you can do to promote proper working of the muscular / skeletal system.

_____

49a) What kind of injury is caused by each of the following?

(i) Hot flat iron on the skin _____

(ii) Steam on the skin _____

b) What first aid is recommended for the above accidents?

_____

c) State one way of preventing the accidents above.

_____
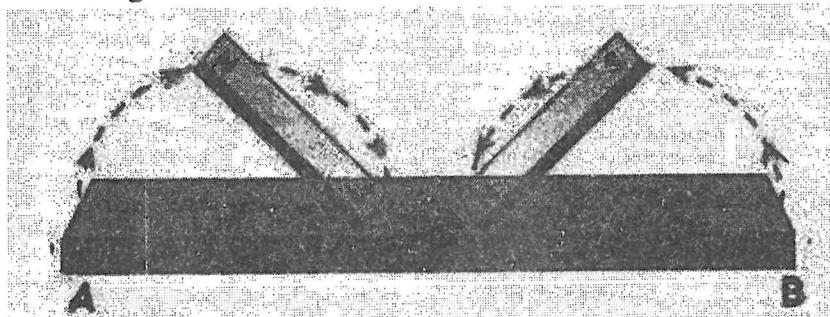

50a) Write T.T vaccine in full.

_____

b) State two groups of people who should receive the T.T vaccine.

(i) _____

(ii) _____

c)   How is the T.T vaccine important to the above groups of people?

_____

51.   **The diagram shows a method of making magnets.**

a)   Which method of magnetization is shown in the diagram?

_____

b)   Name the pole marked **B**.

_____

c)   What do we call the region around a magnet where magnetism is felt?

_____

d)   Identify **one** way a magnet can be demagnetized.

_____

52a) Which component of blood helps in;

   (i) transporting digested food. _____

   (ii) transporting oxygen   _____

b)   To which system of the body does blood belong?

_____

c)   Why is it important to screen any blood to be used for transfusion?

_____
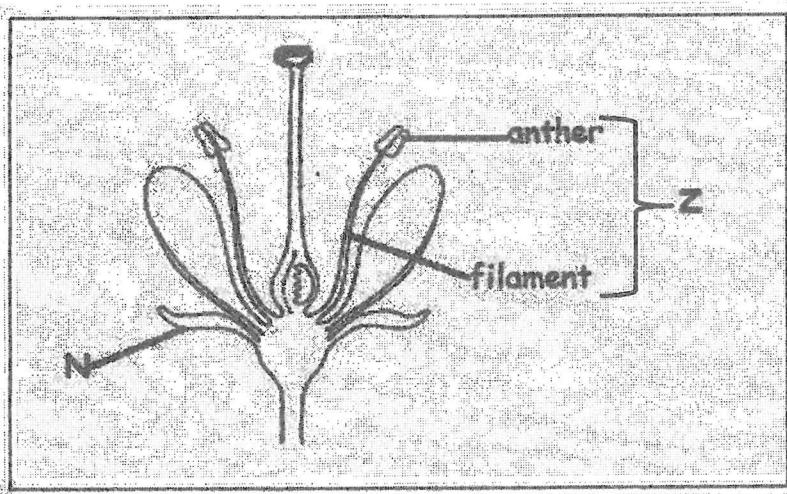

53a) Give **one** example of the following:

   (i) Natural source of light _____

   (ii) Artificial source of light _____

b)   What is a shadow?

_____

_____

c)   Give **one** use of shadows to people.

_____

54.   The diagram shows parts of a flower.

a)   Name the part labelled N.

_____

b)   What happens to pollen grains when they are deposited on part D?

_____

c)   Name the part of the flower labelled Z.

_____

d)   How is a flower useful to a plant?

_____

55a)   Mention **two** man made changes of environmental degradation.

       (i)   _____

       (ii)   _____

b)   State **two** effects of the changes mentioned above to the environment.

       (i)   _____

       (ii)   _____

_____

SECTION B

51. <u>Read the passage below carefully, and in full sentences, answer the questions
that follow.</u>

In Butembo Sub-county, there are several activities done by people to earn a living. These
are farming, business and craft making. The majority of the people are farmers. They
grow crops and keep domestic animals.

However, there is one prominent man in Buyaga village who decided to use his skills to
make life better for himself and his entire family. Mr. Magezi is indeed a skilled man! He
makes crafts such as bags, mats, ropes and flower vases out of local materials. He makes
mats out of palm leaves, ropes out of sisal and baskets out of palm-leaves or straws and
flower vases out of plastics.
Most of the crafts that Magezi makes are made out of local natural materials that he
gets freely from swamps and bushes. However, due to the increasing demand for his
products, he sometimes buys artificial materials.

Safina, Magezi's wife also makes bags out of sisal and straws. They are beautifully
designed in three sizes; small, medium and large ones. The prices of the products are
determined by their sizes and materials from which they were made.

Magezi's eldest son Omaya, is a craftsman, too. After completing his secondary education,
he joined Royal Technical Institute where he learnt how to make shoes and bags out of
leather and hard clothes. He has a separate workshop where he uses special sewing

machines to make his products. His father helped him to connect electricity to his workshop. Indeed, the family business has expanded.

They have a large stall where they display their items for sale. There is a large sign-post which welcomes customers to the stall. Most of their customers are travellers who use Butembo Road. They are attracted by the beautiful designs of Magezi's products. The mats for instance, are designed with different colours. On good days, they get customers from foreign countries like America, Italy and China. These customers mainly come to Uganda as tourists.

On market days, there are several people using Butembo Road. On such days, they make more sales from the local buyers. Since most people in Butembo Sub-County are farmers, the majority of them buy ropes for tethering their animals. The rich people however buy flower vases, which they use to decorate their compounds.

In order to serve their customers better, they have also employed two salesmen to help them. The first salesman, Mr. Nyanzi works in the stall. He welcomes the customer with a smile and takes them around the stall, showing them different items from which they make their choices. He also offers discount to customers who buy more than one product. Such customers always come and buy other products. The second salesman, Madibo distributes the products to their customers in the neighbouring towns of Bulayo and Mpenja. This has helped the business to expand. Both salesmen ensure that they account for every amount of money they receive from the daily sales. This has helped the business to expand **rapidly.**

From the money they earn, Magezi is able to pay school fees for his two daughters, Nadia and Ariho. He also pays his two workers on a weekly basis. He has also been able to build a large commercial house in Bulowa Trading Centre. The local leaders of Buyaga village are very proud of Magezi for his contribution to the development of their village.
