GEOGRAPHY

(UGANDA AND FIELWORK)

Paper 3

3 Hours

INSTRUCTIONS TO CANDIDATES:

*Answer **four** questions in all; **one** question from section **A** and **three** questions from section **B***

*Any additional question(s) answered will **not** be marked.*

Credit will be given for use of relevant sketch maps, diagrams and specific examples studied in the field.

SECTION A: FIELD WORK

1. For any field work study carried out, either as an individual or a group,
 - (a) State the;
 - (i) Topic of the study (2 marks)
 - (ii) Objective of the study (3 marks)
 - (b) Describe how any three of the following field work techniques were used to collect information during the field work study.
 - (i) Sampling
 - (ii) Interviewing
 - (iii) Observation
 - (iv) Map orientation (9 marks)
 - (c) Outline the problems faced when using the techniques chosen in (b) above. (6 marks)
 - (d) What were the findings of your field work study? (5 marks)
2. (a) For any one fieldwork study carried out on a landing site.
 - (i) State the topic (2 marks)
 - (ii) Outline the objective of the study. (3 marks)
- (b) Draw a line transect to show the layout of the landing site and on it mark and label the;
 - (i) Physical features
 - (ii) Land use activities (7 marks)
- (c) Describe how relief has influenced the land use of the area studied. (8 marks)
- (d) What problems did you face during the fieldwork study? (5 marks)

SECTION B: UGANDA

3. (a) Describe the process for the formation of a composite volcano in Uganda. (5 marks)
- (b) Examine the economic contributions of vulcanicity to the economic development of Uganda. (20 marks)
4. To what extent has relief influenced rainfall distribution in Uganda? (25 marks)
5. (a) account for the low level of exploitation of mineral resources in Uganda. (15 marks)
- (b) What steps can be taken as remedies to improve the mining sector in Uganda.

(10 marks)

6. “The growth and development of the fisheries sector in Uganda is as a result of physical factors.” Discuss. (25 marks)

7. (a) Examine the causes of severe wetland destruction in Uganda. (15 marks)
(b) Explain the measures being taken to conserve wetlands in Uganda.

(10 marks)

8. Study the table below showing Uganda’s formal exports by value (in 000 US dollars) 2011- 2014

Table 1

Types of Exports	Years			
	2011	2012	2013	2014
Traditional exports	678,777	590,713	662,884	582,740
Non- traditional exports	1,480,300	1,744,852	1,744,852	1,679,225

Adapted: Uganda bureau of statistics, URA, UCDA, CAA, UETCL (2015) page 276.

- (a) Draw a comparative bar graph to show the relative importance of the two types of exports during the period 2011-2014. (7 marks)
(b) Describe the trend in the value of exports shown in the graph. (6 marks)
(c) Examine the importance of export trade in the development of Uganda.

(12 marks)
